I have practiced medicine for 36 years and have consulted the leading physicians in this country in regard to a remedy for Dyspepsia, but have never been able to find anything that would affect a cure until I used Kodol Dyspepsia Cure. I have suffered with stomach trouble for years. Could not eat anything but milk toast for months, but since I used Kodol I can eat anything and feel that my health is better than it ever was in my life. I cannot say enough for Kodol for it has saved my life and I know that it will cure any case of Dyspepsia if taken as directed.—M. D. Settle, M. D., Big Hill, Ky. Sold by all druggists.

What the Jackson News Says of the Ball Game.

The Jackson Base Ball team left here Monday over the O. & K. for Heleehawa, where they were met by hacks and took a six mile drive to the beautiful city of Hazel Green. When our boys left for Hazel Green it was their full intention to "clean up," but time changes everything.

When the teams met on the battle field and our boys saw how small the Hazel Green boys were, they began to smile, and Dillard Hadden remarked that "it was a shame to beat the little boys, for it was just like getting money from home," but Snowden was brave and owned up—after the game was over, that they were "back numbers." When the game was over it was found that the score was 17 to 8 in favor of the Hazel Green boys.

The game will, or at least should, go down in history, for our "players" will always be looked upon as a "good thing."

Frank Kash fanned the wind so much that he has a broken rib. Little Ollie Hadden did his best—to throw the ball over the sun, but insisted that it was a "high ball." Cunningham and Hadden, who are "has beens," held the game

down—trying to find the ball that had passed them. Charley Thompson won the medal for throwing the only ball—that didn't come in a mile of Hazel Green.

The Jackson team will have the Hazel Green boys here right soon. They were royally treated by the Hazel Green boys. They furnished them with reserved seats at the Commencement Exercises, and fed them in first-class style. They enjoyed their trip to Hazel Green very much, and will see that the Hazel Green boys are not slighted when they come to Jackson.

Kodol Gives Strength

By enabling the digestive organs to digest, assimilate and transform ALL of the wholesome food that may be eaten into the kind of blood that nourishes the nerves, feeds the tissues, hardens the muscles and recuperates the organs of the entire body. Kodol Dyspepsia Cure cures Indigestion, Dyspepsia, Catarrh of the Stomach, and all stomach disorders. Sold by all druggists.

Now They're After It.

The Hazel Green Oil and Gas Company have located their first well on the land of Lee Caskey, just above that gentleman's residence, on the Nickell fork of Grassy creek, and the timbers for the derrick are now being hauled to the site. The derrick will be erected as soon as practicable, and the Red River Oil and Gas Company, which has the contract to bore the well, will begin drilling within 15 days from the time the structure is completed.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp Root, Dr. Kilmer's Swamp Root, and the address, Binghamton, N. Y., on every bottle.

THE Capitol Question is the title of a pamphlet just issued by the Citizens' Committee of Frankfort, a copy of which is before us. It is fully illustrated with pictures of the State houses of sister States, and a glance at the building in which our legislators meet to make laws, should cause every public spirited citizen in this proud old commonwealth to hide his head in shame. Compared with the capitol there illustrated our dilapidated and defunct old edifice would not make a respectable cow shed. Hence the importance of having a new capitol building is without question. If it be possible, we should like to see the new building erected upon a more eligible site than the present location, and in a place more accessible to the people generally. Lexington, of all places in Kentucky, is the proper location for the capital and the new capitol building, and we urge our representative and all the representatives from this mountain country to vote for Lexington as long as there is any possible chance of its removal to that point. First, however, an appropriation should be voted to build a capitol corresponding with prevailing civilization and enlightenment, and then the location should be settled. To spend \$500,000 for a building in a frog pond like Frankfort seems preposterous and a waste of the people's money. But even though that town should prove the choice of the people, the capitol must be built. The old house in which our law-makers assemble is a disgrace to the dignity of the State and dangerous to the lives of those who represent us. We place the cost at \$500,000 because the State is amply able to spend that amount, and no less sum would erect an edifice equal to those of our sister States, none of which boast the culture of our commonwealth. THE HERALD will certainly do all within its humble power to promote the building of a new State house, but at the same time we are here to push the claims of Lexington as the only eligible site. There is no question in our mind but the people would choose Lexington as the location should they be allowed a voice in the matter, and that fact should influence our legislators. But come what may, vote for a new capitol.

LAST week was one of horror throughout the South and West. At North Topeka, Kansas, 133 are dead from drowning, and the property loss of that and other near-by towns will aggregate \$9,500,000. At Gainesville, New Holland, and White Sulphur, Ga., a tornado of unusual force spread death and destruction in every direction. The dead number 85, and some 50 are so seriously injured that but few will recover, while the property loss is some \$300,000. The charitable people of Georgia have already donated something like \$25,000 to relieve the suffering, and at Topeka contributions are pouring in from every section. This, however, will not comfort those who have lost near and loved ones. Scenes depicted of the destruction at both these points are heartrending, and the sympathy of the whole American people goes to those who have been stricken.

Ladies and Children Invited.
All ladies and children who cannot stand the shocking strain of laxative syrups, cathartics, etc., are invited to try the famous Little Early Risers. They are different from all other pills. They do not purge the system. Even a double dose will not gripe, weaken or sicken; many people call them the Easy Pill. W. H. Howell, Houston, Texas, says nothing better can be used for constipation, sick headache, etc. Bob Moore, Lafayette, Ind., says all others gripe and sicken, while DeWitt's Little Early Risers do their work well and easy. Sold by all druggists.

Mort Higgins, the colored boy who was shot a few weeks since near Helechawa, and who has since been under treatment of Dr. Bakes, was on Monday removed from the head of Red river to his home at this place. Dr. Bakes says he has passed the critical period, and if he can be kept quiet he will recover. That, however, will be hard to do, as the boy wants to be getting about.

Loss of Vitality
Is loss of the principle of life, and is early indicated by falling appetite and diminishing strength and endurance. Hood's Sarsaparilla is the greatest vitalizer—it acts on all the organs and builds up the whole system.

George Dyer has rented the old postoffice building in front of Henry Cecil's place, and will have it papered, painted, etc. Rice and Whaley put on the roof, and as soon as the house is renovated Mr. Dyer will open a stock of fruits, etc., in connection with his barber shop.

I have had occasion to use your Black-Draught Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock.
J. B. BELSHER, St. Louis, Mo.

Sick stock or poultry should not eat cheap stock food any more than sick persons should expect to be cared by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the torpid liver, and the animal will be cured, if it be possible to cure it. Black-Draught Stock and Poultry Medicine unloads the bowels and stirs up the torpid liver. It cures every malady of stock if taken in time. Secure a 25-cent can of Black-Draught Stock and Poultry Medicine and it will pay for itself ten times over. Horses work better. Cows give more milk. Hogs gain flesh. And hens lay more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consumed. Buy a can from your dealer.

KENTUCKY's interests in the live stock exhibit at the World's Fair are to be closely guarded by Mr. L. L. Dorsey, the chairman of the committee for this State. Mr. Dorsey has just issued a letter to the chairman of the sub-committees throughout the State asking for their ideas as to the different classifications so he can present the same to a meeting to be held in St. Louis for the purpose of arranging live stock premium lists.

HENRY J. CECIL,
Hazel Green, Ky.

News was received here on Tuesday morning that Tom Collinsworth, who lives in the Clark neighborhood, was that morning stricken with rheumatism of the heart and that there was but slight hope that he would survive the shock. His daughter, Miss Lizzie, who is living with F. N. Day and wife, was summoned to his bedside, and left at once, accompanied by Miss Pearl Day.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala.: "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. For sale by all druggists.

H. G. Tabb, representing Strong & Thalheimer, boots and shoes, Louisville, was at the Day House Wednesday.

D. B. Shawhan, a drummer for Marks & Stix, Cincinnati, boots and shoes, was registered at the Day House Wednesday.

Mrs. Caskey accompanied W. T. Caskey, her liege lord, to the Chapel yesterday to hear the trials, and Mr. Caskey tells us that it is the first time she ever practiced in a Morgan county court.

T. J. Sullivan, of Lee City, who, by the way, is just now on the eve of publishing a book that will greatly benefit mankind generally, was a guest of the Day House Sunday for dinner.

WANTED.—A Woman to cook, wash and iron for a small family; no children. I will pay best wages, and guarantee an easy job. Apply to
SPENCER COOPER,
Hazel Green, Ky.

Will Hobbs, the young man who killed Jim Lacy, his half brother, one day last week, that night went insane, was tried next day, and sent to the asylum at Lexington. His actions, when he came to realize the enormity of the crime, were those of a madman, and it was with difficulty that he was kept from killing all of the family.

For Sale.

I have for sale 14 head of hogs and a buggy and harness, cheap. Any one in need of either will find it to their advantage to write or call at this office, or address
G. P. DYER,
Hazel Green, Ky.

The Morgan County Herald has suspended publication, and our Morgan county friends will find in THE HERALD, of Hazel Green, all they may desire in the way of a local paper. After this week we shall endeavor to give all the Morgan county news, so that practically it will be equal to a paper published in their own county. Indeed it will be better because of the Wolfe county news, and the price—\$1.00 for it and the Courier-Journal—should induce everybody to take it.

Notice.

All persons indebted to the estate of D. B. Rose, Jr., deceased, are hereby notified to come forward and make payment of same at once. Those having claims against said estate will present the same properly proven by the 6th day of July, 1903, or they will be barred. Mrs. Rosa B. Rose, Administratrix.

Two cases were tried before Squire Will Greer on yesterday at the Chapel. One was that of Wm. Combs vs. Caskey, as to the rights of goods which Mr. Caskey attached and brought to his store soon after the goods stolen therefrom were located. Combs did not appear, and the magistrate gave Mr. Caskey judgment. The other case was Combs vs. Stamper, and resulted in a judgment for the defendant. It will be remembered that Mr. Caskey's store here and Joe Stamper's store at the Chapel were robbed last winter. When the goods were found both gentlemen attached them and took possession, and these trials were the result of an attempt of Combs to run a bluff. But it didn't work.

\$500,000 ROAD

To Run Through Menefee and Wolfe in Prospect.

Michigan capitalists are endeavoring to secure control of the Licking Valley Railroad at McCausey, Menefee county. They, if successful, will make the road a broad gauge and build it to Frenchburg, the county seat, and then extend it through Wolfe and into Morgan to connect with the O. & K. road at Cannel City.

If this should be done it would open a territory full of the finest timber and coal lands in the State. It is estimated that the road will cost \$500,000.

CAMPTON COURIER.

BENJ. SEWELL, Editor. VOL. I. No. 28.

THERE is virtue in the agitation of momentous questions. The American people are a sensitive, impulsive people, brimful of spirit, push and go-aheadness. They are a venturesome people, and love the ups and downs of speculation in the marts of trade and investment. A brilliant light covered under a bushel is of no value while so covered, but when it is uncovered it is of immense value. Just now there is being untapped in the Kentucky mountains some gushers of natural wealth in the form of oil and gas. It is so especially here in Wolfe county. This untapping, in a great measure, has been brought about by the discussion in the columns of THE HERALD on the natural resources of the Kentucky mountains. The eyes of capital has been opened and attracted here by reason of this fact, and now there is a reality in the statement, often made, that we are in the "midst of great lakes of oil and gas." One of the first to be drawn here to hunt for oil was T. M. Beckett, of Freeport, Pa. Much praise is due him for his courage and good judgment in putting down holes in this county. Evidences are that he has untapped a rich, deep, inexhaustible pool of fine oil, and will be repaid a million-fold for his venture down into the unseen part of mother earth for oil. His first strike was a gusher producing 50 barrels a day. He is now making his second great, grand dive, and ere a fortnight the result of this plucky, club-footed, tongueless, silent man will be known. Take THE HERALD and help push the matters.

J. A. Sewell, of Lane, was in town on Monday on business.

Aunt Sally Taylor is very ill at the home of Rev. Jonas Campbell.

Phelix Pence, Sr., one of the prosperous farmers of Holley, was in town Monday.

M. F. Horton and John L. Sewell, of Lane, were in Campton on Sunday and Monday on business.

Revs. J. H. Stamper and J. M. Tolson preached at the Baptist Church here Sunday last to a fair sized audience.

Hannibal Hurst, who is clerk in for Hargis and Redwine at Jackson, paid his parents at this place a visit a few days last week.

J. R. Hollon, C. F. Fulks, A. H. Stamper, and possibly others, like Spartan braves, invaded the feud center of bloody Breathitt last week.

S. H. Hurst, Jr., has announced as a candidate for Commonwealth's Attorney. As yet we have not noticed the announcement in THE HERALD.

Mrs. Emma Byrd, wife of A. F. Byrd, is visiting her husband at Jackson this week during Circuit Court. Their son, Carl, is also visiting at same place.

T. M. Beckett is having considerable trouble in drilling the oil well on the farm of Henry Madden. On Tuesday of last week the bailer got fast, and up to noon Monday had not got it fished out.

W. R. Hamilton, of the Frozen Creek oil fields, was a guest of the Combs House on Monday night. He expressed himself as well pleased with the outlook for oil in this part of the "hilly land."

Will Hobbs was brought before Judge Conleton on Monday to have his examining trial for the killing of Jim Lacy on the 4th.

When the case was called counsel for the defense moved the court that Hobbs be tried on the charge of insanity, which was done, with the result that he was adjudged insane and sent to the asylum at Lexington.

Col. E. H. Wilson, of Pittsburg, Pa., formerly connected with the Standard Oil Company, has secured a lease on the lands of Rev. C. H. Garrison, near here, and will put down some wells immediately. The Standard Oil Company, it is understood, are to run a pipe-line to this vicinity just as soon as one or two good wells are brought in. It is hoped these will soon be brought in. Hurrah for Old Wolfe. She's in it.

Startling Evidence.
Fresh testimony in great quantity is coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as an example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Trial bottles free, regular sizes 50c. and \$1.00.

LEE CITY NOTES.

Mrs. Monroe Russell, of Hazel Green, is here visiting relatives and friends.

Miss Annie Graham is preparing for a visit to relatives and friends in and about Lexington.

Henry Rose, who lives just above town, and who has been sick for some time, is reported much better.

Charles H. Lewis and Harrison Hobbs have bought out the business of J. E. Phillips, and are going to continue the barber shop and also add a grocery and restaurant.

E. K. Hobbs and family, and a party of friends, had a nice-outing last Sunday, going to Hazel Green and Swango Spring, enjoying the rainstorm as part of their recreation.

J. R. Hays and wife are suffering the loss of their beloved six-year old son, Chester, who died suddenly with congestion of the brain while visiting his grandparents near Morehead.

People here have been troubled about the attention they should have it the general delivery of our postoffice, because the young lady attendant there has a serious case of Back trouble.

Our Sunday-school, under the supervision of Superintendents Bryant and Rose, is getting very interesting to the young folks, and will go far toward placing their young minds on a higher plane.

Bro. F. M. Stamper will conduct regular services at the church here on next Sunday. Preaching at 11 a. m. and 7:30 p. m. Bro. Stamper reports having organized a Sunday-school at Belknap, up the river.

E. K. Hobbs, Charles Gevenger, and other large timber contractors, are in a great rush to get in as many railroad ties as they can before the advance in rates of 4c. per tie, which goes into effect on the O. & K. R. R. in July.

The society of Lee City is very much worked up just at this time about one of their belles being afflicted with her Back. But it is hoped that all her troubles will be over by the 14th, when it is thought a certain ceremony will turn all her afflictions into the moon.

WATER IN A SIEVE

"PUMPING water into a sieve." Of course it runs through. If by not stop up the holes? People frequently try to cure disease—in the same way—with-out doctoring the cause. Three-fourths of all diseases have their origin in a weakened, run-down condition. When you feel tired, nervous, lose appetite, do not sleep well, lack energy, have a sal-low, yellowish skin, something is decidedly wrong. The organism has become clogged with impurities, which instead of passing away, enter the blood and are carried to all parts of the system. You fall an easy prey to fevers, chills, and many serious diseases, because the liver and other organs are inactive, and do not work properly. **PLANTERS NUBIAN TEA**—a pure and efficacious combination of health-giving roots and herbs, will cleanse and purge the system of every impurity, and restore strength and renewed activity to liver, kidneys and every other organ. It infuses new vitality, makes pure, wholesome blood, and fortifies against diseases. At all druggists, or sent post-paid by us; 25c. per package, 5 packages \$1.00. Sample and booklet free. THE NEW YORK WORLD

Thrice-a-Week Edition.

Read Wherever the English Language Is Spoken.

THE Thrice-a-Week World was a brilliant success in the beginning and has been steadily growing ever since. This is the test of all things, and has set its seal of approval on the Thrice-a-Week World, which is widely circulated in every State and Territory in the Union, and wherever there are people who can read our mother tongue.

This paper for the coming winter and the year 1903, will make its news service, if possible, more extensive than ever. All events of importance, no matter where they happen, are reported accurately and promptly.

The subscriber, for only one dollar a year, gets three papers every week and more news and general reading than most great dailies can furnish at five or six times the price.

The Thrice-a-Week World is absolutely fair in its political views. Partisan bias is never allowed to affect its news columns, and Democrats and Republicans alike can obtain in its pages truthful accounts of all the great political campaigns.

In addition to news, it publishes first-class serial stories and other features suited to the home and fireside.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year, and this pays for 156 papers.

We offer this unequalled news-paper and The Herald 1 year, for \$1.50
